Dear Mr. Nuss:

The agency received your application for **the amendment of Permit #0102**. (b) The Department shall conduct an environmental compliance review of each applicant for a new permit, permit renewal, and permit amendment under this Article. The environmental compliance review shall evaluate the environmental compliance history of the applicant for a period of five years prior to the date of the application and may cover a longer period at the discretion of the Department. The environmental compliance review of an applicant may include consideration of the environmental compliance history of the parents, subsidiaries, or other affiliates of an applicant or parent that is a business entity, including any business entity or joint venturer with a direct or indirect interest in the applicant, and other facilities owned or operated by any of them. The Department shall determine the scope of the review of the environmental compliance history of the applicant, parents, subsidiaries, or other affiliates of the applicant or parent, including any business entity or joint venturer with a direct or indirect interest in the applicant, and of other facilities owned or operated by any of them. **An applicant for a permit shall provide environmental compliance history information for each facility, business entity, joint venture, or other undertaking in which any of the persons listed in this subsection is or**

has been an owner, operator, officer, director, manager, member, or partner, or in which any of the persons listed in this subsection has had a direct or indirect interest as requested by the Department.

To begin the review, please provide organizational charts for Stericycle, Inc. (applicant) as well as explanatory text that shows all business entities that are direct or indirect parents, subsidiaries or other affiliates of Stericycle, Inc. and depicts the relationships among all entities shown on each chart as required under the above referenced statute. The charts shall also include any partnerships and joint ventures in which any of the entities are engaged or which have a financial interest in any of the entities. For all business entities identified in the organizational charts, please identify those business entities which operated under a previous business name and identify the prior business name.

After review of the organizational charts, the agency may request additional follow-up information. Please be advised that under subsection N.C.G.S. § 130A-294(b3), the agency is not required begin review of the application until you have satisfied the agency that you have provided all of the information required.
